

McCandless Crossing

- at a glance**
- 1,000,000 sf mixed use development
 - Bioswales in parking lots
 - 6,066 sf of rain gardens
 - 515 trees
 - 1,497 shrubs
 - 142 perennials

A one million square feet mixed use development, McCandless Crossing includes a Town Center, Office, Retail, Hotels, Entertainment and Residential areas. Eisler Landscapes has been involved in multiple phases of the project installing plantings, trees, bioswales and outdoor furnishings. The project includes many large bioswales in the parking areas, and bufferyards on the edges. Plantings in the entertainment and retail areas include pathside gardens and courtyards.
